Defence Spectrum Sharing

Presentation for DSA Summit 23rd September 2024

James Youngs, Spectrum Innovation, Defence Digital, MOD UK

Subliminal Imprinting

Maximizing spectrum efficiency and value

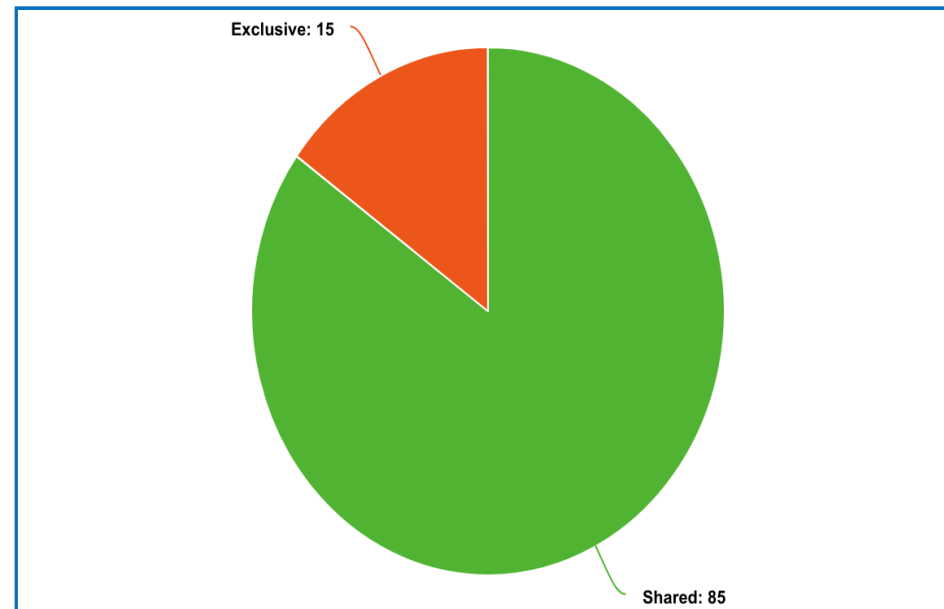

Department for
Science, Innovation
& Technology

The image shows the logo for Ofcom, the UK's communications regulator. It features the word "Ofcom" in a stylized red font, with a horizontal bar below it consisting of several colored segments (red, orange, yellow, green, blue, purple).

Strategic Command
Defence Digital

Shared Exclusive

Collaboration

Ofcom and MOD working in close partnership

Have vetted members of Ofcom who interface with the MOD Spectrum Policy team

Sharing of information including classified details

Talking the same language

3 Ofcom secondees work part-time on spectrum issues

Harmonized sharing standards may be needed?

DSA for Defence?

- Investigated DSA and Cognitive – stakeholders views are mixed
- UKSPF commissioned LS telcom to look at Defence sharing with Civil
- DSIT commissioned report also to look into Defence sharing
- MOD & Ofcom revising the Sharing framework (bi-directional)
- **Vital to retain access so we can train as we fight**

Protecting Defence Access
